GENERAL INFORMATION

Students may register for a full quarter of work at the beginning of the spring quarter, or they may register for six weeks work during the last term of the spring quarter, beginning April 29. They may also register for either term of the summer quarter, or for the entire quarter. By registering for any two consecutive six-weeks terms in the two quarters a student may do a full quarter of work, and by registering for three consecutive terms he may do an entire semester of work.

Admission is by certificate or examination. Mature students, however, may be admitted as special or unclassified students to those courses for which they are qualified, without satisfying the usual fifteen units admission requirement. A detailed statement of entrance requirements may be found in the bulletin of April, 1939.

Students under the rank of junior and under thirty years of age are required to register for physical education unless excused by the Head of the Department of Health or the college physician. Special courses are designed to meet the needs of those incapacitated for vigorous exercises.

LIVING ACCOMMODATIONS

All students are required to live in the college dormitories and take their meals in the dining hall. This regulation does not apply to students living with parents in or near Hattiesburg.

Dormitory assignments are made by the President after room reservation fees have been received. Room assignments are made by the hostesses in charge of the dormitories.

The room reservation fee is $8.00 for each student. No room deposit can be refunded unless the reservation is cancelled ten days prior to the opening of the quarter for which the reservation is made. These fees may be sent directly to the College Secretary.

Rooms are equipped with the following furniture: two single beds, a dresser, two chairs, and a study table. Students must furnish all linens, bed covering, curtains for windows and for closet doors.

If the dormitories are filled, living accommodations outside the dormitories must be selected from the list approved by the college authorities, and may not be changed except by the consent of the Dean of Women. No student is allowed to change his place of residence during the quarter except under unusual conditions. The approved lists may be secured from the office of the Dean of Women.

Further information concerning housing regulations may be obtained from the office of the Dean of Women.

All students not living in their own homes, whether rooming in the dormitories or in private homes or rooming houses, are subject to the regulations, control, and supervision of the College. The College uses its efforts to safeguard such students, but no responsibility can be assumed.

LOAD OF WORK

The normal student load is twelve to eighteen hours. Students who make A's on eight hours and B's in the remaining eight or more hours are permitted to take twenty hours during the next quarter of attendance.

Seniors may take twenty hours during any one of their last three quarters provided they shall not have made a grade lower than C during the previous quarter.

REDUCED LOAD

The Scholarship Committee may, if it deems wise, restrict any student's load to an amount not exceeding the number of hours on which the student received credit during his preceding quarter of residence.

When deemed advisable students may be assigned to remedial courses in reading, penmanship, and other fundamental subjects. Such remedial work carries no credit and is counted as part of the student's regular load.

LATE REGISTRATION—A fee of two dollars is charged for registering after registration day. No student may enter after the first day of the third calendar week of any quarter. No student who enters after the first week may take more than twelve hours, but those entering at any time during the first week may take a full load of sixteen hours, provided they make up the work missed in all classes.

Students registering for a half quarter may not register for a full load after the second day of the term. Seniors expecting to graduate at the end of the half quarter term must register within the first two days of the term regardless of load.

EXPENSES

FEES, PER QUARTER:

Dormitory Students (Fees, Table Board, Room and Laundry)
Payable each quarter upon entrance $62.00
Balance payable at beginning Second Half of Quarter 32.00

$94.00 $94.00

Day Students (Payable upon entrance) $35.00

FEES, PER HALF QUARTER:

Dormitory Students (Fees, Table Board, Room and Laundry) (Payable upon entrance) $48.00

Day Students (Payable upon entrance) $18.00

STUDENTS WHO REGISTER FOR AN ENTIRE QUARTER MUST PAY FEES FOR AN ENTIRE QUARTER

NOTE: No laboratory fee is charged in science courses. The fee in commerce courses is $4.00 per course. Fees in home economics range from $1.50 to $3.00 per course (see April Bulletin).

Music Fees: Special fees are charged for private lessons in music and for use of college instruments for practice. Those interested should consult the April bulletin or should write for information.

IMPORTANT NOTICE:

Should a student withdraw three days after date of registration all fees will be refunded.

Should a student withdraw for any reason prior to mid-term of any quarter fifty (50%) per cent of INCIDENTAL FEE will be refunded and pro rata percentage of BOARD and LAUNDRY fees will be refunded.

Should a student withdraw after mid-term of any quarter under no circumstances will any part of Incidental Fee be refunded, but a pro rata percentage of BOARD and LAUNDRY fees will be refunded.

Special or Laboratory Fees will not be refunded under any circumstances after a student has been in attendance for three days.

Announcements concerning expenses, fees and furnishings are subject to change without notice and may not be regarded as binding obligations of the college. In times of changing conditions, it is especially necessary to have this definitely understood.

NOTICE: All students, faculty, officers and employees rooming in dormitories are required to take meals in the college dining hall. Others who take part of their meals in the dining hall are charged twenty-five cents a meal.

No deduction in living expenses is made for an absence of less than two continuous weeks, and then only when the absence is necessary and is reported to the Secretary's office five days in advance. No reduction of board is made on account of late entrance.

SPECIAL EXAMINATION FEE **$1.00**

Graduation Fee—A graduation fee of six dollars for a degree is payable three months before graduation. This includes membership in Alumni Placement Service.

DEMONSTRATION SCHOOL AND CURRICULUM LABORATORY

As usual, the Demonstration School will be operated throughout the summer quarter. In connection with the Demonstration School, superior work is being done in the planning and development of a program of functional integrated units, and opportunity for observation of this work is open to all students of the College. The Director of Teacher Training, the Principal of the Demonstration School, and all critic teachers employed in the School have been in touch with the Mississippi Curriculum Program from its beginning, serving as regional directors, consultants, and members of State committees. The curriculum revision program of the Demonstration School has attracted the favorable notice of national journals of education within the past year, and both the Director of Teacher Training and the Principal of the Demonstration School have been called to serve on committees of direct research work in other states than Mississippi. Probably no better opportunity for finding practical application of curriculum principles to their own problems is available anywhere to Mississippi Teachers than The Mississippi Southern College Demonstration School.

READING CONFERENCE

A reading conference will be held at The Mississippi Southern College from June 17 to June 27, inclusive. The conference will deal with two topics:

1. Basic instruction in reading, for pupils of average and above average reading ability—an all-school program. This involves among other topics, the building of good reading habits in connection with each subject, the place of reading in an integrated program, a "reading readiness" in both primary and later elementary grades.

2. The diagnosis and correction of reading disabilities in elementary grades. Available mechanical devices as aides in locating deficiences and as instruments for correcting such deficiences will be shown. Problems pretaining to high school and junior college will be discussed also. Attention of a clinical nature will be given to individual students. Results of the latest research in reading will be used.

Demonstrations of reading will be given in the college Demonstration School. Discussion groups will preceed or follow all lectures and demonstrations. Those in attendance on the conference will be invited to attend the regular college classes in reading which are in session at this time.

The conference will be open to all students in residence at The Mississippi Southern College and the schedule will be arranged, as far as possible, so that these students may attend, along with those who are registered for the conference only.

Supervisors, superintendents, and principals are invited to take advantage of this course. The fee will be five dollars.

For further information about the conference, write Miss Emily Jones, Department of Education.

LIBRARY SCIENCE

Every effort will be made to organize for each term of the summer quarter courses in Library Science to enable teachers to meet State requirements for librarians in accredited schools. Those expecting to take Library Science during the summer quarter should write to the Dean stating their needs in order that proper courses may be scheduled.

CERTIFICATE AND DEGREE COURSES

The College offers curricula for primary, upper elementary, and high school teachers, teachers of vocational home economics, teachers of health and physical education, and teachers of public school music. All these curricula lead to the Bachelor of Science degree. The College also offers curricula leading to the Bachelor of Music Degree, with majors in voice, piano, violin, and violoncello. A curriculum leading to the Bachelor of Arts Degree is now being set up.

Minimum requirements for any degree include 192 quarter hours credits with an average of at least one quality point for each quarter hour earned in residence. At least forty-eight quarter hours must be earned in residence during a minimum period of thirty-six weeks. Both qualitative and quantitative requirements for graduation are stated in the April bulletin.

*First term courses. **Second term courses.

NOTE: A number of courses will be offered in addition to those scheduled above. It will be the policy of the College to offer during the spring and summer quarters any courses requested by ten or more students.

NOTE: Every effort will be made to organize for each term of the summer quarter courses in Library Science to enable teachers to meet State requirements for librarians in accredited schools. Those expecting to take Library Science during the summer quarter should write to the Dean stating their needs in order that proper courses may be scheduled.
